2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Mission Statement

Washington Elementary School, rich in family involvement and academic excellence, will prepare and inspire each child to become a self-assured contributor to a global society by providing an innovative, well balanced educational experience in a safe and nurturing environment.

School Profile

Washington School serves 496 students in Transitional Kindergarten through fifth grade. We have a proud tradition of academic excellence. We provide our community's children with a rich variety of academic, social-emotional, and physical learning experiences in an engaging and developmentally-appropriate manner. In addition to a focus on literacy and math, our students have many opportunities to develop their creativity through exploration and discovery. Washington students' performance, as indicated on 2020-2021 standardized state tests, provides our educational team with data on areas of individual student and school-wide strength, as well as, areas for growth.

Community Involvement

We have a proud tradition of excellent parent support. Our award-winning and active PTA has over 380 members. Our campus hosts many parent and community volunteers on a consistent basis. These valued volunteers assist at learning centers within the classrooms, re-shelve library books, participate in enrichment activities, prepare classroom materials, and provide transportation for student field trips. The Washington School staff is proud of our ongoing partnership with parents. In addition to strong parent involvement, we have partnerships with numerous community agencies who give their support for our children in a variety of ways thus enriching our students' school experience. The Humboldt State University Teacher Preparation Program places university students working as tutors in our school in the areas of math, literacy and English language development. Many of our experienced teachers also serve as mentor teachers for apprentice teachers in their final year of HSU's teacher preparation programs. This past year, we expanded our partnership with our neighbor, the Sequoia Park & Zoo. This partnership extends learning opportunities for our students and their families through grade level projects and access to materials, docents, and experiential learning related to ecology, conservation, habitat, adaptations and species.

School Highlights:

- Our staff is well versed in the California Standards.

2022-23 School Overview

- All students receive instruction in each of the core areas- English language arts, math, science, and social science. They also receive instruction in physical education and the Arts.
- Our third-fifth grade teams are trained in Constructing Meaning and VTS in order to differentiate for all learners in effectively expressing their knowledge verbally and in print.
- We are a Positive Behavior Intervention System school and implement Second Step social-emotional curriculum school-wide.
- We teach Second Step anti-bullying curriculum school-wide.
- Second-fifth grades utilize the online Accelerated Reader independent reading program, which also has a home component.
- Specialized curricular materials are utilized for targeted reading interventions.
- Students have opportunities to participate in specialized music activities in fourth and fifth grades, including band and strings.
- Fourth and fifth grade students participate in the Science Fair, History Day, Spelling Bee, Geography Bee, and the GATE Academy (if qualified and when in-person).
- All grade levels participate in service learning projects, serving our community.
- We partner with Humboldt State University in mentoring student teachers.
- Humboldt County Office of Education Early Literacy and Math tutors work with our transitional kindergarten-second grade students.
- Our PTA supports students and staff through the purchase of special, supplemental materials.
- Our PTA provides fun and educational family activities including free craft nights, family movie nights, and an ice cream social at the zoo, to name a few.

Focus for Improvement:

- Ongoing professional development for all staff is a continued goal.
- Teacher collaboration is ongoing on a weekly basis, and includes teacher team collaboration, administration-led topics and district collaboration opportunities.
- Teaching staff will continue to develop expertise in literacy through professional development and through piloting new language arts curriculum.
- Many teaching staff will continue participation in arts-integration grants and professional development.
- Teaching staff will continue to develop grade level writing rubrics that align with CAASPP testing.
- Utilize common CAASPP interim block assessments in grades 3-5 as a formative assessment to guide instruction.
- Develop and implement differentiated instructional groupings in mathematics.
- Continue to use a Student Study Team approach to develop improvement plans for students with identified academic or social/emotional needs.
- Use SWIS data in order to make improvements in our systems including transitions to the play areas and behaviors during non-structured times.
- Continue to refine our PBIS systems and increase our parent involvement components.
- Continue to refine our RTI² tier three options for student success.
- Continue to utilize researched best-practice instructional practices.
- Increase access to opportunities for student choice school-wide.
- Increase access to technology and digital learning opportunities school-wide.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Data Collected September 2020

Eureka City Unified held a Public Hearing on September 15, 2021 and determined that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

Our school underwent a multi-million dollar modernization of facilities which was completed during the summer of 2005. This included ADA compliance, upgrading our technology and electrical infrastructure, new flooring for our cafeteria and a new office and staff building. This year, the inside of our classrooms and painted classroom furniture is being repainted. Our grounds are well maintained by our own grounds people as well as community support due to the community use of our fields for sporting events.

We have recently completed construction on a safe drop-off and pick-up zone for parent and student safety.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	33	N/A	34	N/A	47
Mathematics (grades 3-8 and 11)	N/A	35	N/A	22	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

The vision of Washington School is to provide a joyful, quality education that fully develops the academic, physical, social, and emotional skills of all students and promotes active family and community involvement. Washington School embraces parent involvement. Family support at Washington is strong and we encourage active family and community participation in order to promote rich and varied learning experiences for our students. Hand-in-hand with our volunteer base, we create a well-balanced educational experience in a safe and nurturing environment. Parents are also encouraged to become involved in decision-making groups such as School Site Council, Superintendent's Advisory Committee, Positive Behavior Intervention Systems team, ELAC (English Language Advisory Committee,) DELAC (District English Language Advisory Committee,) and PTA (Parent-Teacher Association). Washington School's remarkable PTA plans many events throughout the year to promote family involvement. We also host an annual Math Night, Art Night, and Craft Night for families to enjoy.

Washington School has a dedicated and caring staff. The monitors, custodians, support staff, teachers, and administration all strive to create an environment where every family feels welcomed and valued. Parental involvement can make a positive difference at all age levels. Parental involvement tends to be the greatest with young children and tends to taper off as children get older. Studies have shown, however, that the involvement of parents of middle and high school students is equally important. In high school, for example, a parent's encouragement can influence whether a child stays in school or drops out. Similarly, a child may consider going to college more seriously when parents show interest in the child's academic achievements and talk with the child about the benefits of a college education. We encourage you to become actively involved in your child's education. Please complete a volunteer form on our school website. When the family is involved in the child's education there is proven success for the child. Participation can include attending school functions, helping with assignments at home, positive feedback about education, and volunteering in the school or classroom. Parental involvement not only enhances academic performance but also has a positive influence on student attitude and behavior. A parent's interest and encouragement in a child's education can affect the child's attitude toward school, classroom conduct, self-esteem, absenteeism, and motivation. The main thing is being an advocate for your child and their school. We encourage all families to join our team.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	0.00	5.15	2.45
Expulsions	0.00	0.02	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Due to the Covid-19 pandemic, a comprehensive school Site Specific Protection Plan has been written in compliance with public health guidelines. This plan outlines safety protocols and procedures and at this time takes precedence over the Safe Schools Plan.

Our school provides a joyful, nurturing environment where students can develop the character and communication skills that are a foundation for high academic achievement and future success. Our goals are to create and enhance a climate of mutual respect among students and between students and staff, improve safety and convenience of student drop-off and pick-up, and update school disaster plans to reflect changes in school facilities and staffing. We work throughout the school year to revise and improve our school safety plan. Part of this process is to hone our practices and procedures including our monthly fire drills and other drills such as disaster and lock-down drills. Our staff reviews the safety plan and works on making revisions during staff collaboration times. The school safety plan was approved by our PBIS team in January 2020. Our PTA has set a goal to support our student and staff safety. As a staff, our school safety teams meet to make continuous improvements to our procedures. In our school plan, we have goals set for both the physical and emotional safety of the campus and our students. All teachers receive extensive ongoing training in the PBIS (Positive Behavior Interventions and Supports) model. Students are taught school-wide rules and expectations at the beginning of the school year and following each school break or when the data indicates that a reteach will help students be successful. Our three school expectations are: Be Safe, Be Respectful, and Be Responsible. This year we have added an additional rule of "Be kind" Students review the rules and procedures in morning meetings, PBIS reteach and level up programs. We teach expectations both school-wide and in our classrooms throughout the school year; this is the Washington Otter Way: 'W.O.W!' We track behavioral data using SWIS software in order to monitor success and make adjustments as needed to ensure that all students are being supported in choosing appropriate behaviors, so the focus remains on student learning. This researched-based model reduces behavioral challenges and thereby increases academic performance and a positive school climate for all.

2021-22 Types of Services Funded

Services provided by categorical funds include additional classroom teacher support for classes with the greatest student need via a literacy technician are funded by Title 1 funds. Additionally, a reading intervention teacher and math intervention teacher works with identified students in order to support them in meeting grade level expectations. We have a library technician that provides our library services. We fund our GATE program in order to provide enrichment opportunities to support GATE students. We have an English Language Instructor to help our emerging bilingual students in developing English proficiency. In addition to differentiated instruction, GATE students have attended a GATE symposium and GATE classes in accordance to our district GATE plan. We use targeted funds to support instruction in a variety of ways including the purchase of materials and supplies, technology, student field trips, staff development/workshops, and library materials.

Professional Development

Each year the school principal and teachers, in cooperation with district office staff, use data to determine the need for teacher and administrator professional development. The data include results of CAASPP, ELPAC, and district benchmark exams, as well as results from SWIS data that demonstrate effective PBIS practices.

During the 2019-20 school year the following professional growth opportunities have or will be provided in the following areas: Fountas and Pinnell training, Interim Assessments, Everyday Mathematics, Constructing Meaning, Create Humboldt, Narrative Writing (CARE, teacher, admin collaboration), monthly teacher academy with various topics addressed, SST process training, Peer Observation/Feedback Cycle implementation, Mandated Reporter Training, Planning, and Pacing Collaboration and Support, and continued PBIS Training and support.

In March 2020, Eureka City Schools moved to a Distance Learning Model due to the COVID-19 pandemic. Distance Learning and Hybrid models were created and approved by the School Board for the 2020-2021 school year. Professional Development and training around technology and safety have been the focus for all certificated and classified staff. All of these were delivered virtually to ensure the safety of the participants.

During the 2021-2022 school year the following professional growth opportunities have or will be provided in the following areas: Fountas and Pinnell training, Interim Assessments, Everyday Mathematics, Constructing Meaning, Create Humboldt, Narrative Writing (CARE, teacher, admin collaboration), monthly teacher academy with various topics addressed, SST process training, Peer Observation/Feedback Cycle implementation, Mandated Reporter Training, Planning, and Pacing Collaboration and Support, and continued PBIS Training and support.

During the 2022-2023 school year, the following professional growth opportunities have or will be provided in the following areas: Fountas and Pinnell training, Interim Assessments, Everyday Mathematics, Opinion Writing (CARE, teacher, admin collaboration), monthly teacher academy with various topics addressed, SST process training, Peer Observation/Feedback Cycle implementation, Mandated Reporter Training, Planning, and Pacing Collaboration and Support, and continued PBIS Training and support. Eureka City Schools engaged in work with both West Ed and Corwin to increase professional growth opportunities. One specific area of focus from Corwin was that of Visible Learning and Teacher Clarity. There have also been opportunities to expand knowledge in our various digital platforms such as IXL.

Professional development is provided during and after school through workshops, participation on district-wide committees, conferences, and on days teachers are released from classroom duties. Teachers are supported to implement what they learn through teacher-principal meetings, in-class coaching, and collaborating with peers as a professional learning community.

Classified paraprofessional staff development is coordinated throughout the year relating to particular employment strands. In addition, the Humboldt County Office of Education provides ongoing training that addresses a number of pertinent issues.
