2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Mission Statement

Zoe Barnum High School, in partnership with the community, empowers all students to become productive, responsible citizens and lifelong learners prepared for an ever-changing world through an engaging, individualized, rigorous, education.

School Profile

The staff at Zoe Barnum High School is committed to the success of all of our students. Small class size allows teaching staff to develop close relationships with each student and to offer remediation in those subjects and areas where students may be struggling. The staff meets weekly to discuss concerns and to share the successes of our students. This collaboration among staff fosters a mutual awareness of students' progress and is a significant factor in their success. Non-teaching staff also works diligently to promote students success through mentoring students.

Recognizing and acknowledging student academic and social growth is a high priority at Zoe Barnum. Staff works closely with students to ensure they are informed of their academic standing and progress toward meeting graduation requirements. Weekly, a student is selected by staff as the Student of the Week. Each month one of the students is voted by staff to become the Student of the Month. The Southwest Rotary Club of Eureka partners with Zoe Barnum High School to form an Interact Club whose mission is to provide service to the local community. Our students work with Humboldt Sponsors, The Salvation Army, The Blood Bank, and local environment restoration groups, and Sequoia Park Zoo to mention just a few. Many Zoe Barnum students also work with the Trades Academy program from the Humboldt County Office of Education, to acquire skills in the industrial arts.

At Zoe Barnum High School we offer an alternative education with a small class setting, allowing us to cater to each student's individualized needs. We serve high school students sixteen to eighteen years of age who are seeking a diploma and flexible scheduling to meet both student and family needs. Zoe Barnum High School is located at the Lincoln Education Center, a newly renovated campus, centrally located in the heart of Eureka. Zoe Barnum High School is accredited by the Western Association of Schools and Colleges (WASC). In partnership with the community, Zoe Barnum High School empowers all students to become productive and responsible citizens. The entire staff works at mentoring lifelong learners prepared for an ever-changing world, through an engaging, individualized, and rigorous education. Zoe Barnum High School is committed to working collaboratively to prepare and support all students in meeting their educational and personal goals. Whether a student aspires to transition back to the traditional high school setting or plans on graduating with a California accredited diploma from

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Eureka City Unified held a Public Hearing in September 15, 2021 and determined that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

Our school moved to a new location in the fall of 2013. With the passing of a local bond measure our facility has completed its modernization process here at the Lincoln site. Construction teams worked on modernizing the multipurpose room and exterior wings of our facility. We are excited that a industrial kitchen was installed in order for our culinary program to have experience with industry standard equipment. The newly remodeled portions of the facility have brand new bathrooms, refinished floors, modernized independent heating units. Every classroom has uniform teaching stations, mounted classroom projectors, eight or more internet ports, wireless capability, and new LED lighting systems. The exterior east and south wings have been freshly painted. The school is clean and orderly.

The district's maintenance crew completes all work orders in a timely fashion. Work orders typically consist of minor upkeep and repair to ensure proper maintenance and keep all facility components in working order.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2021-22 Career Technical Education Programs

Our culinary program and Visual Arts was highly successful in 2021-22 and continues to improve in 2022-23.

Our students are able to take online assessments in order to guide them in career planning. We partner with Cal-SOAP which provides academic tutoring and college and career awareness activities and lessons to students. We refer students to Job Corps if we feel that they will benefit from the program's offerings.

We have partnered with the Humboldt County Office of Education to bring the Mobile Building Trades program to our campus with themes such as careers in water, electrical, metals, framing/construction and many other viable career opportunities.

Our school currently has two CTE credentialed teachers on staff.

We measure our student success through our graduation rate and school attendance.

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Zoe Barnum parents are encouraged to participate in their student's education through a variety of means. They are welcome to call the school at anytime to check on their student's attendance, academic progress, or behavior. Parents have access to their child's grades, attendance, and the school bulletin through Power School, an electronic information system. We have had parents serve on the Parent Superintendent's Advisory Panel. We encourage parents to attend celebrations and school sponsored social events by personally contacting them and sending out invitations through the mail or through all call phone messages. In addition, parents are encouraged to observe classes, attend Back to School Night and Open House Nights, volunteer, and assist with the basketball team during the Coast League season. We welcome visitors and would be happy to share our successes with anyone in the community who is interested in learning more about our school.

Contact Information:

Parents or community members who wish to volunteer for School Site Council, school committees, school activities, or classroom tutoring may contact Zoe Barnum High School at (707) 441-2468. Contact Brad Albee, Principal at 707 441 2467.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

Students and staff continue to participate in more safety drills than the state mandates to ensure they are prepared for natural or man-made disasters. Our safety plan includes, procedures for evacuation, identification of key personnel and their roles in relation to supervision of students, locating potential victims of the disaster and administering medical care, securing the safety of the facility, reuniting students with families, and working with local emergency agencies. In this process, we revised procedures and continue to practice for lock-down drills, fires, and earthquakes. The majority of our staff are CPR and First Aid certified due to their attendance in onsite and offsite certification training. We continue to prepare for any disaster through continued training, drills, and collaborations with other programs, our district office, and local emergency agencies in order to ensure the safety of our campus and the students we serve.

2021-22 Types of Services Funded

A variety of student-support services are available to students from site, district and community personnel. Site administration, in partnership with the Eureka High School Counseling Office, provides a variety of academic, personal, and vocational counseling services. Additional academic tutoring and mentoring is provided by The California Student Opportunity and Access Program (CalSOAP) members in conjunction with our local community college, College of the Redwoods. Personal individual counseling may be accessed by students and families from Humboldt Child Care Council and Humboldt Family and Youth Services. Access to mental health services are available via the Bridges to Success grant which is a partnership of Eureka City Schools and the Humboldt County Department of Social Services. The Marshall Family Resource Center which works with homeless, foster, and other students in need, is housed on the Zoe Barnum site. A school nurse is on call and available to students as needed. Talent Search, a college culture advocacy program sponsored by Humboldt State University is on site weekly to assist students in preparing for college. This partnership allows students to prepare for SAT testing and provides organizational mentoring and college field trips. Our staff hosts a College of the Redwoods instant admissions workshop and Financial Aid planning on site several times during the school year in order to assist all interested students and their families with the process of completing financial aid and applying for college.

Professional Development

Each year the school principal and teachers, in cooperation with district office staff, use data to determine the need for teacher and administrator professional development. We have been using local attendance and graduation rate data to determine if we are meeting our goals of dropout prevention.

Since the 2014-2015 school year, the following training opportunities were provided: Crisis Prevention Intervention (CPI), Constructing Meaning which encompasses backward planning, language development, Classroom engagement strategies using Doug Lemov's text, Teach Like a Champion; professional learning communities; using data systems to collect and analyze student data; planning and delivering effective teaching for English Language Development (ELD); and effective practices to improve classroom management and instruction. We have use the District's instructional coaches to work with staff on professional goals. Further training has included: Common Core, discipline updates, behavior strategies, SST skills, engagement strategies, and Cornell note taking. During the 2018-19 and 2019-20 school year, we had district wide training for all of our teachers on working with and using Unified Classroom, Differentiated Instruction, and Trauma Informed Classroom Practices.

At the beginning of the 2020-21 school year, our staff focused on distance learning and educational practices utilizing applications online to keep our students engaged in their learning. Our training was five days before school started with continuing education through staff meetings bi-monthly throughout the school year.

Our current focus started in the 2021-22 school year, has been on project-based learning and developing student internships. Working with Big Picture Learning, the school has undergone a major transition to interest-based learning. Students are developing their own education by working to get an internship in the local community and learning necessary work skills and developing projects in the businesses they choose. This transition involves classroom scheduling, transportation, project-based learning, credit accounting and many other details. Students will begin going out and working at internships as soon as the Spring of 2022.

Professional development is provided through after school workshops, through participation on district-wide committees, at conferences and on days teachers are released from classroom duties. Teachers are supported to implement what they learn by teacher-principal meetings, in-class coaching and collaborating with peers, and as a professional learning community.

This table displays the number of school days dedicated to staff development and continuous improvement.
