2023-24 School Description and Mission Statement

Mission Statement

Washington Elementary School, rich in family involvement and academic excellence, will prepare and inspire each child to become a self-assured contributor to a global society by providing an innovative, well balanced educational experience in a safe and nurturing environment.

School Profile

Washington School serves 496 students in Transitional Kindergarten through fifth grade. We have a proud tradition of academic excellence. We provide our community's children with a rich variety of academic, social-emotional, and physical learning experiences in an engaging and developmentally-appropriate manner. In addition to a focus on literacy and math, our students have many opportunities to develop their creativity through exploration and discovery. Washington students' performance, as indicated on 2020-2021 standardized state tests, provides our educational team with data on areas of individual student and school-wide strength, as well as, areas for growth.

Community Involvement

We have a proud tradition of excellent parent support. Our award-winning and active PTA has over 380 members. Our campus hosts many parent and community volunteers on a consistent basis. These valued volunteers assist at learning centers within the classrooms, re-shelve library books, participate in enrichment activities, prepare classroom materials, and provide transportation for student field trips. The Washington School staff is proud of our ongoing partnership with parents. In addition to strong parent involvement, we have partnerships with numerous community agencies who give their support for our children in a variety of ways thus enriching our students' school experience. The Humboldt State University Teacher Preparation Program places university students working as tutors in our school in the areas of math, literacy and English language development. Many of our experienced teachers also serve as mentor teachers for apprentice teachers in their final year of HSU's teacher preparation programs. This past year, we expanded our partnership with our neighbor, the Sequoia Park & Zoo. This partnership extends learning opportunities for our students and their families through grade level projects and access to materials, docents, and experiential learning related to ecology, conservation, habitat, adaptations and species.

School Highlights:

• Our staff is well versed in the California Standards.

2023-24 School Description and Mission Statement

- All students receive instruction in each of the core areas- English language arts, math, science, and social science. They also receive instruction in physical education and the Arts.
- Our third-fifth grade teams are trained in Constructing Meaning and VTS in order to differentiate for all learners in effectively expressing their knowledge verbally and in print.
- We are a Positive Behavior Intervention System school and implement Second Step social-emotional curriculum school-wide.
- We teach Second Step anti-bullying curriculum school-wide.
- Second-fifth grades utilize the online Accelerated Reader independent reading program, which also has a home component.
- Specialized curricular materials are utilized for targeted reading interventions.
- Students have opportunities to participate in specialized music activities in fourth and fifth grades, including band and strings.
- Fourth and fifth grade students participate in the Science Fair, History Day, Spelling Bee, Geography Bee, and the GATE Academy (if qualified and when in-person).
- All grade levels participate in service learning projects, serving our community.
- We partner with Humboldt State University in mentoring student teachers.
- Humboldt County Office of Education Early Literacy and Math tutors work with our transitional kindergarten-second grade students.
- Our PTA supports students and staff through the purchase of special, supplemental materials.
- Our PTA provides fun and educational family activities including free craft nights, family movie nights, and an ice cream social at the zoo, to name a few.

Focus for Improvement:

- Ongoing professional development for all staff is a continued goal.
- Teacher collaboration is ongoing on a weekly basis, and includes teacher team collaboration, administration-led topics and district collaboration opportunities.
- Teaching staff will continue to develop expertise in literacy through professional development and through piloting new language arts curriculum.
- Many teaching staff will continue participation in arts-integration grants and professional development.
- Teaching staff will continue to develop grade level writing rubrics that align with CAASPP testing.
- Utilize common CAASPP interim block assessments in grades 3-5 as a formative assessment to guide instruction.
- Develop and implement differentiated instructional groupings in mathematics.
- Continue to use a Student Study Team approach to develop improvement plans for students with identified academic or social/emotional needs.
- Use SWIS data in order to make improvements in our systems including transitions to the play areas and behaviors during non-structured times.
- Continue to refine our PBIS systems and increase our parent involvement components.
- Continue to refine our RTI^2 tier three options for student success.
- Continue to utilize researched best-practice instructional practices.
- Increase access to opportunities for student choice school-wide.
- Increase access to technology and digital learning opportunities school-wide.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. Data Collected September 2020

Eureka City Unified held a Public Hearing on September 15, 2021 and determined that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

Our school underwent a multi-million dollar modernization of facilities which was completed during the summer of 2005. This included ADA compliance, upgrading our technology and electrical infrastructure, new flooring for our cafeteria and a new office and staff building. This year, the inside of our classrooms and painted classroom furniture is being repainted. Our grounds are well maintained by our own grounds people as well as community support due to the community use of our fields for sporting events.

We have recently completed construction on a safe drop-off and pick-up zone for parent and student safety.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

The vision of Washington School is to provide a joyful, quality education that fully develops the academic, physical, social, and emotional skills of all students and promotes active family and community involvement. Washington School embraces parent involvement. Family support at Washington is strong and we encourage active family and community participation in order to promote rich and varied learning experiences for our students. Hand-in-hand with our volunteer base, we create a well-balanced educational experience in a safe and nurturing environment. Parents are also encouraged to become involved in decision-making groups such as School Site Council, Superintendent's Advisory Committee, Positive Behavior Intervention Systems team, ELAC (English Language Advisory Committee,) DELAC (District English Language Advisory Committee,) and PTA (Parent-Teacher Association). Washington School's remarkable PTA plans many events throughout the year to promote family involvement. We also host an annual Math Night, Art Night, and Craft Night for families to enjoy.

Washington School has a dedicated and caring staff. The monitors, custodians, support staff, teachers, and administration all strive to create an environment where every family feels welcomed and valued. Parental involvement can make a positive difference at all age levels. Parental involvement tends to be the greatest with young children and tends to taper off as children get older. Studies have shown, however, that the involvement of parents of middle and high school students is equally important. In high school, for example, a parent's encouragement can influence whether a child stays in school or drops out. Similarly, a child may consider going to college more seriously when parents show interest in the child's academic achievements and talk with the child about the benefits of a college education. We encourage you to become actively involved in your child's education. Please complete a volunteer form on our school website. When the family is involved in the child's education there is proven success for the child. Participation can include attending school functions, helping with assignments at home, positive feedback about education, and volunteering in the school or classroom. Parental involvement not only enhances academic performance but also has a positive influence on student attitude and behavior. A parent's interest and encouragement in a child's education can affect the child's attitude toward school, classroom conduct, self-esteem, absenteeism, and motivation. The main thing is being an advocate for your child and their school. We encourage all families to join our team.

2023-24 School Safety Plan

Our school provides a joyful, nurturing environment where students can develop the character and communication skills that are a foundation for high academic achievement and future success. Our goals are to create and enhance a climate of mutual respect among students and between students and staff, improve the safety and convenience of student drop-off and pick-up, and update school disaster plans to reflect changes in school facilities and staffing. We work throughout the school year to revise and improve our school safety plan. Part of this process is to hone our practices and procedures including our monthly fire drills and other drills such as disaster and lock-down drills. Our staff reviews the safety plan and works on making revisions during staff collaboration times. The school safety plan was approved by our Site council team in 2023. Our PTA has set a goal to support our student and staff safety. As a staff, our school safety teams meet to make continuous improvements to our procedures. In our school plan, we have goals set for both the physical and emotional safety of the campus and our students. All teachers receive extensive ongoing training in the PBIS (Positive Behavior Interventions and Supports) model. Students are

taught school-wide rules and expectations at the beginning of the school year and following each school break or when the data indicates that a reteach will help students be successful. Our three school expectations are: Be Safe, Be Respectful, and Be Responsible. We have added an additional rule of "Be kind" Students review the rules and procedures in morning meetings, PBIS reteach, and level up programs. We teach expectations both school-wide and in our classrooms throughout the school year; this is the Washington Otter Way: 'W.O.W'! We track behavioral data using SWIS software in order to monitor success and make adjustments as needed to ensure that all students are being supported in choosing appropriate behaviors, so the focus remains on student learning. This research-based model reduces behavioral challenges and thereby increases academic performance and a positive school climate for all.

Fiscal Year 2022-23 Types of Services Funded

A variety of on-site and local support services are available to provide academic assistance to students at Washington. Washington's specific academic, social, and cultural goals aim to achieve student success. Our Goals are related to improving student proficiency in certain LA, math, increasing graduation rates, enhancing school safety, or promoting a positive school culture. Services provided by categorical funds include additional classroom teacher support for classes with the greatest student need via a literacy technician funded by Title 1 funds. Each TK-2 classroom has a classroom aide to support smallgroup instruction. Additionally, a reading intervention teacher and math intervention teacher work with identified students in order to support them in meeting grade-level expectations. Our community schools have supported the school to have a restorative practice aide and a community school liaison to build student and family belonging. We fund one additional monitor to improve the school safety at Washington. We fund an increase of library technician hours daily, so our library is open all day, and even after school for families to check out. Our GATE program is funded in order to provide enrichment opportunities to support GATE students. We have an English Language Instructor to help our emerging bilingual students in developing English proficiency. In addition to differentiated instruction, GATE students have attended a GATE symposium and GATE classes in accordance with our district GATE plan. We use targeted funds to support instruction in a variety of ways including the purchase of materials and supplies, technology, student field trips, staff development/workshops, and library materials.

2023 School Accountability Report Card

Washington Elementary School

Professional Development

Each year the school principal and teachers, in cooperation with District Office staff, use data to determine the need for teacher and administrator professional development. The data include results of LCAP surveys, state tests, and Unit and Curriculum-embedded assessments in English/Language Arts and Math, and results from the ELPAC exams relative to our EL population. We also utilize academic data provided by classroom teachers, SWIS data from our P.B.I.S. program, Attendance data from A2A, and Suspension and Referral records to determine priorities for Professional Development for both certificated and classified employees.

Training opportunities/updates continue to be conducted in Common Core Standards in both ELA and Math (grade-level and District-wide), English Language Development, and P.B.I.S. Two years ago, our district leadership attended the Visible Learning Conference in Colorado. Over the last year, we have focused on learning intentions and success criteria for math and ELA lessons. Alice Birney teachers are looking at the levels of engagement and Zones of Regulation. Our reading intervention teacher is using BOOST, CKLA, and UFLI. We have a new ELA curriculum based on the Science of Reading. Teachers are applying the knowledge they learned last year in the collaborative: Getting Reading Right.

Classified paraprofessional staff development is coordinated through our Personnel Department in modules relating to particular employment strands. Our District instructional coaches (CARE specialists) provide excellent, relevant training in best practices in math and ELA, EL, PBIS, and classroom instruction, as well as coaching for our monitors and classified personnel. Participants in Professional Development are supported with release time, collaboration opportunities, in-class coaching, purchase of particular instructional materials, and shared leadership.

Teachers and staff have been trained around Community School implementation at each step. Teachers and students were trained on the use of break space and recovery to de-escalate feelings so students could learn. Engagement strategies including structured student talk will be addressed in PD and admin-led collaboration time. This will be needed for a long period of CKLA instruction.

A developed Student Study Team process is utilized by all teachers. CARE specialist oversees this process, and ensures teachers are coached around interventions and supports. Beyond SST program is a new program for our district and site. Intentionally building PD that gives teachers the time to explore the system and its tools.
